Welcome to A1 Wedding Cars.

A1 Wedding Cars provide a reliable service from your home to your wedding venue and then onto the reception and/or the airport if required.

Our selection of modern cars includes Mercedes E and S class and come in a choice of colours. We also have a number of Rolls Royce Silver Shadows and Stretch Limousines. All cars are supplied in white ribbons or any colour of your choice.

We also have a large range of people carriers for guests that need transportation during your day.

We are constantly told by our clients that we are the best value for money, so let us quote for your requirements and you can judge for yourself. Although based in the South East of England we will be pleased to quote for wedding cars in other areas.

Here are a selection of our cars, if you do not see what you require please call our office where we will be pleased to help.

Thank You
